# ABOUT OUR CHARITY

**East Austin College Prep** is a project of the **East Austin Children's Promise** and serves as a model school that successfully prepares all students, regardless of economic background, for a rigorous high school curriculum, graduation, and ultimately success in college and career. The school provides a rigorous college preparatory curriculum, including a strong foundation in math and science for students pursuing a science, technology, engineering, or mathematics (STEM) field.

**East Austin Children's Promise** - The Govalle/Johnston Terrace neighborhood of East Austin has great strengths and faces some serious challenges. In the midst of the thriving City of Austin, children and families in this community struggle to live, learn, and find hope for the future. Southwest Key Programs and its many partners and supporters throughout Austin are working for change. The East Austin Children's Promise initiative is a holistic approach that supports and serves community members from birth to the time they enter the job market. We believe that quality education unlocks doors, and that stable families can rise above poverty's barriers.
